Cambridge Assessment
International Education

Introduction

At **Sunrise Virtual School** A level programs, senior students undergo a **2-year Advanced Level curriculum** that offers an internationally-recognised route to top universities worldwide. A-levels are considered as a standard requirement of **UK-accredited High School qualifications**, and many leading universities favor A-level graduates who obtain good grades on this challenging course.

At A level, **16 to 18-year-olds** are supported in every aspect of their learning so that they become independent, well-rounded individuals. Prior to starting the A-level course, candidates must select a combination of 3 to 4 A-level subjects, giving them the freedom to focus on their key strengths and interests in a fully personalized programme.

The students are well-prepared for long-term academic success with an exemplary education, outstanding international experiences, and the dedicated support of our passionate tutors.

At A-level, students who know the area they wish to specialize in at the tertiary level can select related A-level subjects. In contrast, those who need more clarity on their future career paths can select an A-level subject combination that provides a broader scope for tertiary study. This is because A level provides specialist as well as generalist options to study.

Sunrise Careers Counsellors have knowledge of the admissions criteria for the world's most prestigious institutions, and assist our A-level learners in their transition. We give our students the best chances of attending world-leading universities

Subject offerings include:

Our students will be expected to choose a maximum of 4 subjects of study in Year 12 (AS) and 3 subjects in Year 13 (A-Level).

- | | | |
|--------------|--------------------|----|
| 1 Maths | Applied ICT | 7 |
| 2 English | Law | 8 |
| 3 Chemistry | English Literature | 9 |
| 4 Physics | Economics | 10 |
| 5 Biology | Business studies | 11 |
| 6 Psychology | Computer science | 12 |

We will offer a range of subjects, primarily the **'facilitating subjects'** - those most commonly required or preferred for entry into particular courses at universities.

Entry Requirements

The minimum IGCSE requirements for entrance to Year 12 fall into two categories: **general requirements** and **subject-specific** requirements.

If a student wishes to enroll from the local Kenyan System, an average of **C+ at KCSE is required**. Students with lower grades are considered but might be required to sit for an entrance exam.

General requirements

a minimum of 5 **A* - C grades** at **IGCSE**, which should include **Mathematics and English**. A good academic and behavioral record prior to entry.

Subject-specific requirements

A*-B grade in the subjects students wish to take at **AS/A level**.

Note

Cambridge International AS & A Level examination series twice a year, in June and November. Results are issued in August and January.

“

The staged assessment route is not possible in all subjects. The outcomes awarded for Cambridge International AS Level language syllabuses cannot be carried forward to Cambridge International A Level.

”

“

The Cambridge International A Level is reported on a grade scale from **A*** (highest) to **E** (minimum required performance). There is no **A*** grade for Cambridge International AS Levels, which run from grade **A** to **E**.

Levels

Learners can choose from a range of assessment options to gain Cambridge International AS & A Level qualifications:

1. Take the Cambridge International AS Level only. The syllabus content is half a Cambridge International A Level.
2. Take a 'staged' assessment route – take the Cambridge International AS Level in one examination series and complete the final Cambridge International A Level at a subsequent series. AS Level marks can be carried forward to a full A Level twice within a 13 month period.*
3. Take all papers of the Cambridge International A Level course in the same examination session, usually at the end of the course.
